## General notes and conditions

### Health

All participants should be in good general health and be fit enough to undertake a leisurely walk of 6Km (4 miles). Transport back to the car park will be available for anyone not able to finish the route.

### Arriving on the day

Registration will start at 9.30 on Sunday 16 September and the walk itself at 10.00. It would help if participants who plan to jog the route could arrive early, so that joggers and walkers can be started separately.

### Children

Children are very welcome to take part in the walk but they must be accompanied by a parent/guardian at all times.

### Route

The route of the walk is along one carriageway of the unopened bypass and back along the other. Participants must keep to the surfaced road and keep off the grassed areas and the central barriers.

### Car parking

Adequate parking space will be available for participants coming by car. On arrival, please follow the signs and the directions given by marshals.

### Dogs

No dogs are allowed on the walk except for guide dogs.

### Litter

No litter should be left on the route. Please use the litter sacks along the route for empty bottles and other litter.
